Worldwide Packaging Solutions, LLC is a Memphis based, 100% minority owned and operated contract packaging company with the resources required to provide co-packer services and fulfillment capabilities. Our niche markets include large retail and medical manufacturing companies that need to move their products to market fast and efficiently, and at a reasonable cost. In addition, the Company offers reuse/recycle plastic sports apparel hangers that is highly cost-effective for our customers --- from collection, through inspection and sorting.

Our capabilities include access to an extensive labor force network, warehouse capacity, technology, inventory management, and expert-leadership to successfully manage a client's distribution and supply chain needs. We believe our services make a difference in protecting the environment and the communities from harmful waste. And equally important, we create meaningful, livable wage jobs.
